13TH YEAR. NO. 256.

EAST LIVERPOOL, O., FRIDAY, APRIL 8, 1898.

TWO CENTS

NOW ADMITS WAR TO BE INEVITABLE.

The Administration Thinks That
Peace Is No Longer
Possible.

NO YIELDING FROM SPAIN.

If That Government Now Backs Down
It Will Be Surprising.

LEE ORDERED FROM HAVANA.

This in itself an act preceding actual war—press advices from Madrid indicate that the war feeling prevails. Heavy guard about Woodford's house. War utterance by a Spanish cabinet minister—note of the European powers did not change the situation in the least—some of those governments that participated known to sympathize with our attitude—President McKinley's reply created a very favorable impression among the foreign diplomats.

WASHINGTON, April 8.—There is no longer any doubt as to the purpose of this government with respect to the situation in Cuba. War, in the opinion of the administration, is inevitable, except in the unlikely event of a surrender on the part of Spain.

The president's message, which he had intended to send to congress, has not been changed in any particular, and embodies the unanimous view of the cabinet without the slightest variance or exception. Any movement to avert war now must come from Madrid, and must concede American demands, including an end to Spain's domination in Cuba.

The six great powers of Europe, through their representatives here, called at the White House and presented to President McKinley a joint note, expressing urgent hope for a peaceful adjustment between the United States and Spain, to which the president replied with unmistakable plainness as to the duty and the unselfish endeavors of this government to terminate the insufferable conditions in Cuba. Another and probably the most significant actual step showing the finality reached by the United States government was the authoritative statement that Consul General Lee would leave Havana on Saturday. This step, it is known, will be regarded by Spain as akin to an overt act preceding war.

Third and almost equally important was the ominous tone of press advices from Madrid, where the war feeling seems to dominate instead of the concessions, the opening of prison doors and the other manifestations of peace and good will which holy Thursday was expected to bring forth, and the more definite announcement of action that would bring peace to Cuba.

The heavy guard about Minister Woodford's house, the imperative character of his last note, the war utterance of Minister Correo and the turbulence of the Spanish capital left little hope that pacific councils would prevail. No negotiations are proceeding at Madrid on the part of this government, but the powers of Europe, it is understood, are doing their utmost to persuade the Spanish government to yield and avert war. On the highest authority, it can be stated that no instructions have been given as yet to Minister Woodford contemplating his withdrawal.

The note of the European powers presented to the president yesterday has not, in the opinion of members of the administration, changed the situation in the slightest degree. What pressure was brought to bear to secure even this mildly expressed hope that further negotiations would result in the maintenance of peace is not known, but it is confidently believed that it is the result of persistent appeals on the part of Spain for some expression of peace between the two countries.

The note is not regarded in any sense as a protest against the course this government has pursued thus far, or is likely to adopt to secure a stable government in Cuba.

Some of the governments represented in the note are known to be in full accord with this government in its purposes with respect to the Cuban question. It is therefore any theory that the note was intended as a remonstrance is not regarded as tenable.

An inquiry at the several embassies and legations shows that the reply of President McKinley has created a most favorable impression among the ambassadors and ministers. It was cabled immediately to London, Paris and all the other European capitals. The declaration of the president that in the interest of humanity this warfare must stop, and his indirect appeal to them to exert their influence in the name of humanity found a sympathetic reflection in the sentiments of all the ambassadors and other representatives.

The opinion of the senate and house is that war must come. Even the most optimistic of the conservative senators have given up hope of a peaceful settlement.

A great deal of consideration was given by senators and representatives to the form of action. On this point there is a wide divergence of opinion but it has assumed two distinct propositions. One is the recognition of independence of the islands coupled with armed intervention to drive out the Spaniards, and the other armed intervention with a declaration that Cuba should be free. The desire on the part of those favoring the latter plan being to avoid recognizing the insurgents and their government or any government until after the United States has control of the island.

The latter plan is said to be that of the president, and efforts are being made to have it adopted so there will be no division between the executive and legislative branches of the government. Fear is expressed that there may be a long debate in the senate if some compromise is not agreed upon before the committee on foreign relations makes its report.

Both foreign committees were in session extending their inquiries as to conditions in Cuba. Mr. Quesada of the Cuban junta gave the house committee the reasons why recognition of independence was desired by the Cubans.

The military branches of the government steadily continue the work of preparation for possible emergencies, this work, however, being now principally confined to completing matters heretofore begun.

GROSVENOR DEFENDED PRESIDENT MCKINLEY.

Hot Reply to Lentz—Declared War Certain—Fierce Attack on John M. McCook.

WASHINGTON, April 8.—There was a scene of great excitement in the house during the consideration of the bill for the reorganization of the army. It was caused by Mr. Lentz (Dem., O.) who made a vicious assault on the administration, charging that the policy of delay was in the interest of stock jobbers in Wall street. He alleged that Wall street was in the possession of information that the message would not go in long before it was known at the capitol and profited heavily by the advance in the price of stocks that resulted.

He even charged that there was no warrant for the alarming statements about the situation in Havana, which were made as a justification for the delay of the message. Mr. Lentz's speech created a profound sensation, and was met with an emphatic reply from General Grosvenor, now generally regarded as the administration spokesman on the floor. Mr. Grosvenor not only indignantly denied that there was justification for the reports, but held Mr. Lentz up to scorn for alleging corrupt motives against the president. Mr. Lentz disclaimed this. Before he concluded he expressed the opinion that war was as certain as that we would live until next week, unless it was averted by Spain.

Mr. Grosvenor declared that a message came from Lee on Tuesday asking the president to hold off, but it was ignored. Then came the message of Wednesday. Said he:

I read the telegram, and there are 20 men on this floor now that read the telegram, both Democrats and Republicans. It was read to the distinguished members of the foreign relations committee of the senate, and each and every one of them, without qualification, coincided with the policy of the president not to send the message in here at that time.

He also read published statements to show that the market became weak, instead of strong, on receipt of the news. Then Mr. Grosvenor said:

Now, let me tell the gentleman something about bonds. It is very easy to charge a senator. That senator (meaning Hanna) has made a statement which I challenge any man to deny, that, never in his life, not only not this year, but never in his life, did he buy a dollar of stock in Wall street or anywhere else.

Mr. McCook—Can he say the same thing about votes? [Laughter and applause on the Democratic side.]

Mr. Lentz denied he made the charge against Hanna, but admitted that Hanna's name was in one of the newspaper articles he had read during his speech.

Mr. Grosvenor insisted that he did. Mr. Grosvenor then said that John J. McCook had been mentioned. Who was John J. McCook? Said he:

How do he and the gentleman from Ohio stand with reference to this? I will show you. I will show you a man who is a spy, one wittingly so, the other, I trust, ignorantly so. Who is John J. McCook? He is the legal representative of

the Cuban junta of New York, owning which stands \$400,000,000, more or less, of bonds that can be validated by the recognition of the independence of Cuba by the United States, and they will be destroyed by a policy that drives Spain out of Cuba in the interest of the American people. [Applause.]

Mr. Lentz—Was it not announced that this same John J. McCook was to be a member of the present cabinet?

Mr. Grosvenor—I have heard that the gentleman and myself were each and both of us to be governor of the state of Ohio, but we never got there. [Laughter.] I will tell you who John J. McCook is. He represents an interest running up into the hundreds of millions of dollars and if he could get the United States to make a recognition of the independence of Cuba and then fight to establish it by the United States, at a cost of a thousand million dollars, the holders of these bogus bonds will realize \$400,000,000 and collect the money. That is where the bonds come in. Let us take the other side.

I was told some time ago, just before the time that this trouble broke out, that a party in the city of New York sold short on the market to an extent that, if the condition things were in prior to the breaking out of this Cuban trouble had prevailed, it would have absolutely ruined him, although his estate is a very wealthy one. I have been told that from that day to this any proposition to provoke Spain to war, any motion that would cause war in this country, between Spain and the United States, has been promoted by that gentleman, because the moment war is declared the short side of the market will put \$1,000,000 in his pocket. Now, would the gentleman tell us—

[Several members on the Democratic side: Who is it?] Mr. Grosvenor—Tell us how anybody can be benefited by preventing war?

How? I mean any stockbroker; anybody who holds any stocks. How can that happen, when prices are going up or down as each battle progresses and as each ship has to surrender. Then is the time that stocks rise and stocks fall. And were I a stock gambler, which thank God I am not, there would be no occasion more gratifying to my greed than war with the United States and another country.

Boats Offered to Government.

PHILADELPHIA, April 8.—City councils unanimously adopted a resolution tendering the use of the three city ice boats to the government.

LEE ORDERED HOME.

He Will Leave His Post at Havana Saturday—Other Consuls Have Set Sail.

WASHINGTON, April 8.—Consul General Lee will leave Havana tomorrow, as a result of explicit instructions from the state department, and a reply from him was received stating that he would leave on the day named.

A telegram received at the state department from Consul General Lee reported everything quiet in Havana. General Lee thinks it probable that all Americans in Cuba who desire to leave the island will be able to do so, unless something unexpected should happen suddenly to prevent them, by Saturday, when he will depart himself for the United States.

KINGSTON, Jamaica, April 8.—The agents of the steamer Brockline have advices from Santiago de Cuba that the steamer has sailed with the United States consul, Pulaski, Hyatt, and others and is due at Port Antonio today.

The Boston Fruit company's steamer Beverly arrived at Cienfuegos and is preparing to sail with the United States consul, Owen McGarr, and other Americans for Boston, touching at Key West.

The British consuls at Santiago de Cuba and Cienfuegos will represent American interests during the absence of the respective United States consuls.

HAVANA, April 8.—The Mascotte has left with 74 passengers. Many persons are holding back to the last available hour, on the strength of favorable peace rumors.

TAMPA, Fla., April 8.—The program for the departure of General Lee from Havana has been announced and is as follows:

The Olivette will enter Havana harbor tomorrow morning, and General Lee will at once notify all Americans that this will be their last chance to leave the island under the American flag.

After all are on board the steamer, including the United States consuls from the various ports of Cuba, General Lee will pull down the American flag from the consulate, will turn over the archives to the British consul, Gollin, and will go aboard the Olivette, which will at once sail for Key West.

KATAHDIN PUTS TO SEA.

Ready to Do Terrible Execution With Her Ram.

PHILADELPHIA, April 8.—The ram Katahdin has left League Island navy yard under sealed orders. The ship's destination will not be known until she gets to sea, but it is believed she will go either to New York or Key West.

Lieutenant Robert G. Peck, who had been detailed for duty on the monitor Lehigh, was suddenly assigned just before the ram sailed to the post of navigating officer of the Katahdin, made vacant by the sudden death by heart disease of Lieutenant David Daniels.

The Katahdin has on her war paint and is prepared to do terrible execution with her ram. She is apparently content itself.

MR. MCCLAIN'S POSITION.

Why He Will Fight the Blake School Law.

FIRST MOVE MADE TOMORROW.

If Sufficient Funds Can Be Collected by That Time—He Declares That Conspirators Shall Not Take Away His Liberties and the Liberties of His Constituents.

EDITOR NEWS REVIEW:—The writer has received a request, numerously signed, to give to your readers the true status of the board of education in case the present program is carried out.

The situation, as I understand it, is this: Four members of the board, elected last spring, hold certificates of election and have taken the oath of office for one year hence, to complete their term of office of two years for which they were elected. Here is the law.

Article II, section 28, of the constitution of Ohio reads as follows: "The general assembly shall have no power to pass retroactive laws, or laws impairing the obligation of contracts, but may, by general laws, authorize courts to carry into effect, upon such terms as shall be equitable and just, the manifest intention of parties and officers by curing omissions, defects and errors in instruments and proceedings, arising out of their want of conformity with the laws of the state."

I quote the following from the General Assembly Manual in explanation of the above section: "The words 'retrospective' and 'retroactive,' as applied to laws, seem to be synonymous. Justice Story thus defines a retrospective law: 'Upon principle every statute which takes away or impairs vested rights acquired under existing laws, or creates a new obligation, imposes a new duty or attaches a new disability in respect to transactions or considerations already past, must be deemed retrospective retroactive.'"

The Standard dictionary thus defines a "vested right": "Any right or franchise with which one is clothed by authority of law." The constitution also provides that "all officers shall hold their offices until their successors are elected (or appointed) and qualified," and mark this: There can be no successor until there is first a vacancy.

The Blake law provides for seven members to constitute the board, to be elected by the district at large; four members to be elected the first year for two years and three for one year terms. Secretary Norris issued the call and the election was held as per the Blake law, and this was done, not "by order of the board of education," as the notice declares, but as the secretary has since admitted, by the dictation of O. C. Vodrey and City Solicitor Grosshans.

Now here is the situation at present: If certificates of election are issued to members-elect under the Blake law we have Mr. Murphy holding two certificates of election for two years covering different periods of time; Mr. Fisher holding two certificates, one for two years the other for one year (two separate offices at one time); five other members-elect holding one and two year certificates, and Mr. Pittenger and myself each holding a certificate extending a year hence; all told, nine officers to fill seven offices. Odd number, sure, but will it provide against a dead-lock?

Now the problem is to get a legal board out of this mix. If Blake's law is intended to vacate the office of four members of the board then it will take away our vested right, and Chief Justice Story declares it must be deemed retrospective and hence unconstitutional. If, however, the intention of Blake's law was simply to provide for a change in the members and manner of electing the board, then the secretary erred with the central committees of the several parties by not adjusting the discordant feature of the Blake law to the existing conditions here, and simply have elected three members for two years, thus recognizing the constitutional rights of the four members who hold for another year. The same object would have been accomplished, viz, to introduce the new law in its operation.

To my mind the only legal solution of the problem is for the present board to hold over until the next election and then try it again, when all our terms will have expired.

I know the public are deeply interested in having a legal board of educa-

tion. This year the board will offer for sale the last installment of bonds recently authorized, and bond buyers will scrutinize the legal aspect of the matter closely. I know also that no American citizen who justifies our Revolutionary sires for contending for their constitutional rights and liberties against British tyranny, would respect a representative who would be so weak as to meekly submit to being badgered out of his vested rights, which they conferred upon him. Personally I would prefer to retire from the office, and would gladly do so were no principle involved, but I can't consent for one moment that conspirators shall take away the liberties of myself and those I have the honor to represent.

I have done nothing I know of to merit being deposed from office. If I have quo-warranto proceedings is the proper course to take to remove me. The motive back of all this is understood. I was first elected on an issue that stirred our city as never before. I was re-elected last year by my constituents from the Fourth ward, who said they wanted me to represent them for two years more, and who, if the program is carried out, could not have a single representative from their ward. I regard the Blake law as an instrument designed by its clandestine promoters with which to accomplish that which they dare not attempt in an honorable open contest, and I sound the tocsin, 'Eternal vigilance is the price of liberty,' and call upon all who believe this course is just to stand by me for our constitutional liberties. Already many have assured me that they are ready to contribute to a fund to test the matter through the courts. If sufficient funds are provided by Saturday we will endeavor to pull aside the curtain and let the public look the mysterious promoters of Blake's law in the face, and over the wreck of the political ring will be written in letters of living light, "Liberty," and the verdict will be, "Destroyed by a force from the outside." Fellow citizens, what is your pleasure? Let me hear from you. Respectfully,

J. C. MCCLAIN.

SHARP WAR TALK IN SENATE.

Pettus Wanted Mobile Harbor Improved For Coaling Purposes.

WASHINGTON, April 8.—Some sharp war talk has been indulged in by the senate. When consideration of the sundry civil appropriation bill was resumed, the question pending was the amendment of Mr. Pettus (Ala.), providing for such improvement of the harbor at Mobile as would enable war vessels to obtain coal and other supplies there. Mr. Allison (Ia.), in charge of the bill, made a point of order against the amendment. This called out a bitter speech by Mr. Morgan (Ala.), who charged the appropriations committee with discriminating against proper measures, and threatened to assist in dissolving the committee.

He followed with an argument showing the necessity of the improvement proposed, holding that it would open to the government in time of war the coal fields of the south and enable it successfully to fight the treasonable monopoly that had been formed to control the coal supply of the country in the event of war. The amendment was lost.

PITTINGER WILL FIGHT.

He Has No Intention of Giving Up His Position.

Frank Pittenger does not believe he has lost his position as a member of the board of education by reason of the Blake law.

He says he will attend all meetings as heretofore and proposes to keep his seat, and if the board ever attempts to sell bonds they will find he is very much a member. He says he does not particularly care for the position, but does not propose to be legislated out of office if there is any law to prevent it.

In the New Home.

J. M. Kelly and family have moved from their residence in Fifth street, and are now living in their new home at Lincoln avenue and Calcutta road.

Attended a Wedding.

Squire E. W. Hill was in Salineville yesterday where he attended the marriage of his brother, James G. Hill and Miss Minnie Falcon.

PERSONAL MENTION.

—Mrs. F. D. Kitchel is visiting friends in Pittsburg.

—W. W. Moore, of Beaver Falls, was in the city yesterday visiting friends.

—Mrs. R. G. Thompson, of Salineville, is the guest of her daughter, Mrs. R. T. Robbins.

—Mrs. Queen and daughter, of Stenhouse, are guests of Mr. and Mrs. George B. Smith, of Robinson street.

WASHINGTON, April 8.—There is no longer any doubt as to the purpose of this government with respect to the situation in Cuba. War, in the opinion of the administration, is inevitable, except in the unlooked-for event of a surrender on the part of Spain.

The president's message, which he had intended to send to congress, has not been changed in any particular, and embodies the unanimous view of the cabinet without the slightest variance or exception. Justice Story thus defines a retrospective law: 'Upon principle every statute which takes away or impairs vested rights acquired under existing laws, or creates a new obligation, imposes a new duty or, attaches a new disability in respect to transactions or considerations already past, must be deemed retrospective retroactive.'"

The Standard dictionary thus defines a "vested right": "Any right or franchise with which one is clothed by authority of law." The constitution also provides that "all officers shall hold their offices until their successors are elected (or appointed) and qualified," and mark this: There can be no successor until there is first a vacancy.

The Blake law provides for seven members to constitute the board, to be elected by the district at large; four members to be elected the first year for two years and three for one year terms. Secretary Norris issued the call and the election was held as per the Blake law, and this was done, not "by order of the board of education," as the notice declares, but as the secretary has since admitted, by the dictation of O. C. Vodrey and City Solicitor Grosshans.

Now here is the situation at present: If certificates of election are issued to members-elect under the Blake law we have Mr. Murphy holding two certificates of election for two years covering different periods of time; Mr. Fisher holding two certificates, one for two years the other for one year (two separate offices at one time); five other members-elect holding one and two year certificates, and Mr. Pittinger and myself each holding a certificate extending a year hence; all told, nine officers to fill seven offices. Odd number, sure, but will it provide against a dead-lock?

Now the problem is to get a legal board out of this mix. If Blake's law is intended to vacate the office of four members of the board then it will take away our vested right, and Chief Justice Story declares it must be deemed retrospective and hence unconstitutional. If, however, the intention of Blake's law was simply to provide for a change in the members and manner of electing the board, then the secretary erred with the central committees of the several parties by not adjusting the discordant feature of the Blake law to the existing conditions here, and simply have elected three members for two years, thus recognizing the constitutional rights of the four members who hold for another year. The same object would have been accomplished, viz, to introduce the new law in its operation.

To my mind the only legal solution of the problem is for the present board to hold over until the next election and then try it again, when all our terms will have expired.

I know the public are deeply interested in having a legal board of educa-

tion. This year the board will offer for sale the last installment of bonds recently authorized, and bond buyers will scrutinize the legal aspect of the matter closely. I know also that no American citizen who justifies our Revolutionary sires for contending for their constitutional rights and liberties against British tyranny, would respect a representative who would be so weak as to meekly submit to being badgered out of his vested rights, which they conferred upon him. Personally I would prefer to retire from the office, and would gladly do so were no principle involved, but I can't consent for one moment that conspirators shall take away the liberties of myself and those I have the honor to represent.

I have done nothing I know of to merit being deposed from office. If I have quo-warranto proceedings is the proper course to take to remove me. The motive back of all this is understood. I was first elected on an issue that stirred our city as never before. I was re-elected last year by my constituents from the Fourth ward, who said they wanted me to represent them for two years more, and who, if the program is carried out, could not have a single representative from their ward. I regard the Blake law as an instrument designed by its clandestine promoters with which to accomplish that which they dare not attempt in an honorable open contest, and I sound the tocsin, 'Eternal vigilance is the price of liberty,' and call upon all who believe this course is just to stand by me for our constitutional liberties. Already many have assured me that they are ready to contribute to a fund to test the matter through the courts. If sufficient funds are provided by Saturday we will endeavor to pull aside the curtain and let the public look the mysterious promoters of Blake's law in the face, and over the wreck of the political ring will be written in letters of living light, "Liberty," and the verdict will be, "Destroyed by a force from the outside." Fellow citizens, what is your pleasure? Let me hear from you. Respectfully,
J. C. MCLAIN.

SHARP WAR TALK IN SENATE.

Pettus Wanted Mobile Harbor Improved
For Coaling Purposes.

WASHINGTON, April 8.—Some sharp war talk has been indulged in by the senate. When consideration of the sundry civil appropriation bill was resumed, the question pending was the amendment of Mr. Pettus (Ala.), providing for such improvement of the harbor at Mobile as would enable war vessels to obtain coal and other supplies there. Mr. Allison (Ia.), in charge of the bill, made a point of order against the amendment. This called out a bitter speech by Mr. Morgan (Ala.), who charged the appropriations committee with discriminating against proper measures, and threatened to assist in dissolving the committee.

He followed with an argument showing the necessity of the improvement proposed, holding that it would open to the government in time of war the coal fields of the south and enable it successfully to fight the treasonable monopoly that had been formed to control the coal supply of the country in the event of war. The amendment was lost.

PITTINGER WILL FIGHT.

He Has No Intention of Giving Up His
Position.

Frank Pittenger does not believe he has lost his position as a member of the board of education by reason of the Blake law.

He says he will attend all meetings as heretofore and proposes to keep his seat, and if the board ever attempts to sell bonds they will find he is very much a member. He says he does not particularly care for the position, but does not propose to be legislated out of office if there is any law to prevent it.

In the New Home.

J. M. Kelly and family have moved from their residence in Fifth street, and are now living in their new home at Lincoln avenue and Calcutta road.

TO CALL THE GUARD

There Will Be Three Taps of City Hall Bell.

CAPTAIN HILL HAS ARRANGED IT

The Alarm Will Bring a Sufficient Number of Soldiers to the Armory to Summon Those Who Are Beyond Reach of the Sound.

When the soldiers of Company E are urgently needed at the armory they will in future be summoned by three sharp taps of the bell on city hall.

Captain Hill has made all necessary arrangements with Chief Morley, and should a call be received today the new order would be enforced. The plan simply provides that on the receipt of the necessary command the captain will notify the fire department. Only a few seconds will be required to do the work there, and the bell will sound three times. All members of the command within hearing will hasten to city hall, and in a few moments some of them will be hurrying to notify those who have not heard the news.

The arrangement will save time, and allow the company to assemble in short order.

HANDSOME NEW CHURCH

Will Be Built by the Second United Presbyterians.

PLANS ARE BEING PREPARED

The Congregation Have Decided to Erect a Brick Structure Rather Than Repair the One Now Occupied — Increase in Membership Also a Reason.

The members of the Second U. P. church have decided to erect a new place of worship. It is to be of brick, and will not cost less than \$5,000.

The project has been under advisement for some time, and some money has already been collected, but the bulk of it is yet to be secured and soliciting committees will begin work in the near future. The decision was made at a congregational meeting where it was shown that the building was in need of repairs and the number of members was increasing so as to make another structure necessary. Thos. H. Fisher, J. B. Elliott, E. A. Stevenson, Archie Seagrigh and Allen Hayes were appointed to secure plans and specifications.

The congregation purchased a lot several years ago, and on it will be built a modern brick church calculated to meet all the requirements of the congregation.

DELEGATES

Will Be Chosen to Represent Steubenville Presbytery.

The presbytery of Steubenville will meet in the first church of Ulrichsville, on Monday. Rev. W. M. Eaton, retiring moderator, will preach the opening sermon. Among the items of routine business to be transacted will be the selection of delegates to the general assembly which meets at Winona Lake in May, appointment of examiner for Lane seminary, and reports of standing committees on missions, temperance, etc., together with reports of special committees.

Everyone is pleased with our suits to order because they are of good quality, perfect fit and low prices.

GUN CARRIAGES

Are Being Made at the Foundry of A. J. Boyce.

The prospects of war with Spain have led to various rumors in the city, and this morning it was said that A. J. Boyce has received an order from the government for gun carriages and his factory was busy turning them out.

Investigation developed that he was making gun carriages upon which to mount the cannon at the memorial chapel, and this undoubtedly was the cause of the rumor.

Never in our experience have we sold such fine and artistically made men's suits as we give our customers this season at \$9.75.

United Presbyterians.

PLANS ARE BEING PREPARED

**The Congregation Have Decided to Erect
a Brick Structure Rather Than Repair
the One Now Occupied — Increase In
Membership Also a Reason.**

The members of the Second U. P. church have decided to erect a new place of worship. It is to be of brick, and will not cost less than \$5,000.

The project has been under advisement for some time, and some money has already been collected, but the bulk of it is yet to be secured and soliciting committees will begin work in the near future. The decision was made at a congregational meeting where it was shown that the building was in need of repairs and the number of members was increasing so as to make another structure necessary. Thos. H. Fisher, J. B. Elliott, E. A. Stevenson, Archie Seairight and Allen Hayes were appointed to secure plans and specifications.

The congregation purchased a lot several years ago, and on it will be built a modern brick church calculated to meet all the requirements of the congregation.

DELEGATES

**Will Be Chosen to Represent Steubenville
Presbytery.**

The presbytery of Steubenville will meet in the first church of Urichsville, on Monday. Rev. W. M. Eaton, retiring moderator, will preach the opening sermon. Among the items of routine business to be transacted will be the selection of delegates to the general assembly which meets at Winona Lake in May, appointment of examiner for Lane seminary, and reports of standing committees on missions, temperance, etc., together with reports of special committees.

Everyone is pleased with our suits to order because they are of good quality, perfect fit and low prices.

EAST LIVERPOOL, O., FRIDAY, APRIL 8.

UNION PAPERS.
All Union papers of East Liverpool are
known to the various craft and unions of
the city by the printing of the above
Union Label at the head of their columns.

THE lower region sheet no longer
talks of securing advertising from the
water works trustees by process of law.
The "roaster" will not always "roast"
successfully.

THE CURFEW LAW.

When Chas. F. Bough takes up the
duties of his position as mayor of East
Liverpool he should without any delay
whatever order the rigid enforcement
of the curfew law. Through the months
that have passed since the enactment of
the measure much evil has been done,
because the authorities ignored it as
completely as if it was not a part of the
statutes. It should be enforced because
it is a law, and because its enforcement
will save some mothers the sorrow oc-
casioned by the wickedness of a fallen
daughter.

MORE TAXES.

Storm and flood are of course beyond
the command of the county commis-
sioners and the damage caused by the
floods a few weeks ago must be repaired,
but the fact remains just the same, no
sensible taxpayer will hail with wild
acclamations of joy the announcement that
another mill has been added to the price
he pays for government. Taxes in this
county are too high, and in spite of the
increase in wealth they seem to grow
higher. There should be some system
whereby economy, properly practiced in
the various departments, would result in
something more equitable than that
which we now have. It is an old story,
this argument for less taxes, but it is
one that ever has justice as its strongest
support.

HERE IS HISTORY.

Here's the animus of the attack of the
lower region sheet upon the water
works trustees. Some years since they
were doing black line advertising in the
News Review and the lower region
sheet at the same time. The lower re-
gion sheet was asking 10 cents per line
of business men, and mighty glad were
they to secure lines at that price. At
the end of the month the bill of the
lower region sheet was found to be
much larger than that of the News Re-
view, despite the fact that each paper
had received the same number of lines.
The bill was sent back to the lower re-
gion for correction. An employee of that
sheet was then sent to the News Re-
view, with instructions to tell Captain
Palmer that his bill was wrong, and
should be made the same in amount as
that of the lower region sheet. Captain
Palmer held a quiet conversation with
his visitor (a clever and truthful and
honorable gentleman, by the way) and
convinced him that the News Review
bill was correct, the city being charged
the same as business men were, and the
lower region sheet was compelled to act
honestly and squarely, and finally ac-
cepted the same amount as did the
News Review. This is history, and
there are several men who will make
oath to the fact. Turn on the light.

Observing Good Friday.

Today is Good Friday, and was
observed in St. Aloysius church. The
mass of the preanctified was observed at
8:30 o'clock, and the stations of the cross
with a sermon will commence this even-
ing at 7:15 o'clock.

WELLSVILLE. SETTLING THE SWITCH

Pennsylvania Officials at the Goodwin Property.

ALL DEPENDS ON THE COMPANY

If the Change Is Not Made There Will Be No Pottery--Handsome Office For the New Rolling Mill--Shooting In Tophet. All the News of Wellsville.

General Superintendent Watt and Superintendent Scriven, of the Pennsylvania company, came here from Liverpool this afternoon and went over the ground which John S. Goodwin expects to see occupied by that much talked of switch.

The gentlemen had nothing to say for publication, but Mr. Goodwin believes the matter will be adjusted. If it is not there will be no new pottery. That has been decided, since any change in the plans would mean a considerable loss to him.

Handsome Office.

Plans for the office building where the business of the new rolling mill will be transacted were placed on exhibition in the office of Judge Smith this morning and attracted much attention. It will be a handsome little building, fitted out with every convenience.

A surveying party is at work today preparing for the construction of the switch, and the land for the company will be laid off next week. Work will begin before the week is over.

A Shooting Affray.

It was stated this morning that a woman residing in Tophet had fired five shots from a revolver at one of her admirers. Luckily her aim was wild, and he escaped injury. All efforts to learn particulars of the affair were without success.

The News of Wellsville.

J. W. Devore will again resume his position in the carpenter department of the railroad shops which he held for 14 years. He has things in such shape after his month's work for the board of trade that the giving out of deeds and other routine work can be attended to by Attorney Snediker.

Kail Weldon, Jr., was fined \$1 and costs in police court this afternoon for annoying Archie Cowan.

The water main in First street burst this morning.

A seven-months-old infant of Daniel Gregory, who lives on the McGregor farm, three miles from town, on the Irondale road, died on Thursday at 12 o'clock, and will be buried at Oak Ridge at 11 o'clock Saturday.

Mrs. E. H. Riggs went to Pittsburg this morning.

N. F. Schiffler, of Brilliant, is in town today.

Dr. A. L. Robinson was a Cleveland visitor.

A temporary trestle has been placed across Rough's run, making it passable until a more substantial one can be erected.

Mrs. A. R. Wells entertained at 5 o'clock tea Thursday in honor of the Misses Boyce. Mrs. W. H. Daughaday, Mrs. T. R. Andrews, Mrs. Homer Wells, Mrs. Van Horn, Mrs. C. R. Arnold, Mrs. Potts, Miss Blakeston, Miss Weller and Miss Arnold were present.

Mrs. C. P. Smith entertained last evening in honor of Mrs. Shipley, who will soon remove to Cleveland, and Mrs. McNeeley, who has been visiting friends in town and will leave soon for her home in Pennsylvania.

J. R. WARNER & CO.

The Shoe Business of These Leaders Is Wonderful.

Have you dropped in at the shoe headquarters of J. R. Warner & Co., in the Diamond, lately? No. Well, well! You do not know how much you have missed in the line of FOOTWEAR. The new styles are very nobby and are attracting warm commendation. Men, women, youths and children are catered to, and the BABIES--God bless them--are not forgotten. By the way, take a look at "SAM'S" show window. It's a dandy, and no mistake. J. R. Warner & Co. are always in the lead in bargains for the people.

"What company built my home? The J. T. Smith Lumber company, of East Market street, of course. They do splendid work, honest and square, and their prices are low."

Our Cornell line men's fine shoes at \$3.85 is a swift seller.

SPOT THE FELLOW.

This Citizen Asks That He Shall Be Marked.

EDITOR NEWS REVIEW--I'm very weary hearing the proprietor of what you term "the lower region sheet" prate about honor and honesty. What right has the fellow to sit in judgment upon any good citizen? What good, or true, or holy, or clean thing has he ever advocated or upheld? It is simply an outrage that he is permitted to slander, through his vile sheet, such gentlemen as form our board of water works trustees. I have some slight knowledge of law, and I have taken the pains to get the opinion of one of the ablest legal lights in all this neck of woods, and I am positive that, if the proprietor of the lower region sheet is financially worth anything, he can be hit hotly in the most vulnerable spot to him, his pocket, by the gentlemen he has so foully slandered and lied about. The books of the water works will bear the closest and most rigid scrutiny, and demonstrate, beyond the shadow of a doubt, the fact that the lower region sheet has been guilty of lying in the most outrageous manner respecting this splendidly managed department of the city. The trustees have managed this department with the best of business management, being as careful of expenses, and the money entrusted to their care, as if it was a private venture of their own. When the light is turned on in the next few days, it will be found that this very matter of true economy with the money of our citizens, is what caused the bitter enmity of the lower region sheet.

Further, the lower region sheet endeavors to create the impression that it owns and controls and operates Thomas C. Forster, trustee-elect of the water works. The latter gentleman would better cut loose from such company and association as that of the lower region sheet, else will his power with the people amount to next to nothing when the search light is turned on. The present members of the water works trustees, as well as the gentlemanly clerk, Mr. J. W. Gipner, are my personal friends, and I honor them because they are clean and true men, with no shadow against their lives or characters. Can the proprietor of the lower region sheet justly lay claim to these much-to-be-desired characteristics?

PLAIN SPEAKER.

When the J. T. Smith Lumber company erect a home residence, the work is done in such a splendid manner as to give the owner complete satisfaction in every detail.

SAVING THE MOLDS.

A Force Is at Work on the Ruins of the Specialty.

A force of the former employees of the Specialty Glass company are at work today endeavoring to save something of value from the ruins of the plant.

The molds are very valuable, and, being made of metal, it is believed some of them escaped serious damage.

PENNSYLVANIA OFFICIALS.

They Spent a Portion of the Morning in Town.

General Superintendent Watt and Superintendent Scriven arrived in the city this morning on a special train, and spent some time with Freight Agent T. J. Thomas. While here the gentlemen looked over the ground in East End where the switch for the Bridgewater Gas company is to be built. They returned about noon and in company with John S. Goodwin left for Wellsville at 12:45 o'clock.

Mr. Watt was engaged with Mr. Goodwin and could not be interviewed.

Mr. Scriven, however, was seen and said: "We will spend the afternoon in Wellsville looking after the Goodwin switch, but I cannot say it will be settled today. This is all I am able to say about the matter."

Two gentlemen accompanied Mr. Scriven and Mr. Watt, but they were not taking any part in the business of the trip.

AN ELEGANT SUPPER.

You Will Get a Regular Feast at the Bean Bake.

The ladies of the Woman's Relief corps never do things by halves. They are royal entertainers, and when they say that they will give you a nice supper, they mean that they will do that very same. And they will give you this nice supper for the very reasonable figure of 25 cents. The entertainment or Bean Bake will be given at the Young Men's Christian association rooms, Fifth street. Don't you miss it. And, by the way, take your lady friends with you, as there will be fun galore among the old comrades as they celebrate the great surrender at Appomattox. Remember date and place. Saturday, Y. M. C. A. rooms Fifth street. The ladies will give you a cordial welcome. Supper from 5 to 8. *

If you want a home or business block erected, call on the J. T. Smith Lumber company, East Market street. There is saving of money to you by following this advice.

If the Change Is Not Made There Will Be No Pottery--Handsome Office For the New Rolling Mill--Shooting In Tophet. All the News of Wellsville.

General Superintendent Watt and Superintendent Scriven, of the Pennsylvania company, came here from Liverpool this afternoon and went over the ground which John S. Goodwin expects to see occupied by that much talked of switch.

The gentlemen had nothing to say for publication, but Mr. Goodwin believes the matter will be adjusted. If it is not there will be no new pottery. That has been decided, since any change in the plans would mean a considerable loss to him.

Handsome Office.

Plans for the office building where the business of the new rolling mill will be transacted were placed on exhibition in the office of Judge Smith this morning and attracted much attention. It will be a handsome little building, fitted out with every convenience.

A surveying party is at work today preparing for the construction of the switch, and the land for the company will be laid off next week. Work will begin before the week is over.

A Shooting Affray.

It was stated this morning that a woman residing in Tophet had fired five shots from a revolver at one of her admirers. Luckily her aim was wild, and he escaped injury. All efforts to learn particulars of the affair were without success.

The News of Wellsville.

J. W. Devore will again resume his position in the carpenter department of the railroad shops which he held for 14 years. He has things in such shape after his month's work for the board of trade that the giving out of deeds and other routine work can be attended to by Attorney Snediker.

Kail Weldon, Jr., was fined \$1 and costs in police court this afternoon for annoying Archie Cowan.

The water main in First street burst this morning.

A seven-months-old infant of Daniel Gregory, who lives on the McGregor farm, three miles from town, on the Irondale road, died on Thursday at 12 o'clock, and will be buried at Oak Ridge at 11 o'clock Saturday.

Mrs. E. H. Riggs went to Pittsburg this morning.

N. F. Schiffler, of Brilliant, is in town today.

Dr. A. L. Robinson was a Cleveland visitor.

A temporary trestle has been placed across Rough's run, making it passable until a more substantial one can be erected.

Mrs. A. R. Wells entertained at 5 o'clock tea Thursday in honor of the Misses Boyce. Mrs. W. H. Daughaday, Mrs. T. R. Andrews, Mrs. Homer Wells, Mrs. Van Horn, Mrs. C. R. Arnold, Mrs. Potts, Miss Blakeston, Miss Weller and Miss Arnold were present.

Mrs. C. P. Smith entertained last evening in honor of Mrs. Shipley, who will soon remove to Cleveland, and Mrs. McNeeley, who has been visiting friends in town and will leave soon for her home in Pennsylvania.

The Shoe Business of These Leaders Is Wonderful.

Have you dropped in at the shoe headquarters of J. R. Warner & Co., in the Diamond, lately? No. Well, well! You do not know how much you have missed in the line of FOOTWEAR. The new styles are very nobby and are attracting warm commendation. Men, women, youths and children are catered to, and the BABIES—God bless them—are not forgotten. By the way, take a look at "SAM'S" show window. It's a dandy, and no mistake. J. R. Warner & Co. are always in the lead in bargains for the people.

SPOT THE FELLOW.

This Citizen Asks That He Shall Be Marked.

EDITOR NEWS REVIEW—I'm very weary hearing the proprietor of what you term "the lower region sheet" prate about honor and honesty. What right has the fellow to sit in judgment upon any good citizen? What good, or true, or holy, or clean thing has he ever advocated or upheld? It is simply an outrage that he is permitted to slander, through his vile sheet, such gentlemen as form our board of water works trustees. I have some slight knowledge of law, and I have taken the pains to get the opinion of one of the ablest legal lights in all this neck of woods, and I am positive that, if the proprietor of the lower region sheet is financially worth anything, he can be hit hotly in the most vulnerable spot to him, his pocket, by the gentlemen he has so foully slandered and lied about. The books of the water works will bear the closest and most rigid scrutiny, and demonstrate, beyond the shadow of a doubt, the fact that the lower region sheet has been guilty of lying in the most outrageous manner respecting this splendidly managed department of the city. The trustees have managed this department with the best of business management, being as careful of expenses, and the money entrusted to their care, as if it was a private venture of their own. When the light is turned on in the next few days, it will be found that this very matter of true economy with the money of our citizens, is what caused the bitter enmity of the lower region sheet.

Further, the lower region sheet endeavors to create the impression that it owns and controls and operates Thomas C. Forster, trustee-elect of the water works. The latter gentleman would better cut loose from such company and association as that of the lower region sheet, else will his power with the people amount to next to nothing when the search light is turned on. The present members of the water works trustees, as well as the gentlemanly clerk, Mr. J. W. Gipner, are my personal friends, and I honor them because they are clean and true men, with no shadow against their lives or characters. Can the proprietor of the lower region sheet justly lay claim to these much-to-be-desired characteristics?

PLAIN SPEAKER.

When the J. T. Smith Lumber company erect a home residence, the work is done in such a splendid manner as to give the owner complete satisfaction in every detail.

SAVING THE MOLDS.

PENNSYLVANIA OFFICIALS.

They Spent a Portion of the Morning in Town.

General Superintendent Watt and Superintendent Scriven arrived in the city this morning on a special train, and spent some time with Freight Agent T. J. Thomas. While here the gentlemen looked over the ground in East End where the switch for the Bridgewater Gas company is to be built. They returned about noon and in company with John S. Goodwin left for Wellsville at 12:45 o'clock.

Mr. Watt was engaged with Mr. Goodwin and could not be interviewed.

Mr. Scriven, however, was seen and said: "We will spend the afternoon in Wellsville looking after the Goodwin switch, but I cannot say it will be settled today. This is all I am able to say about the matter."

Two gentlemen accompanied Mr. Scriven and Mr. Watt, but they were not taking any part in the business of the trip.

AN ELEGANT SUPPER.

You Will Get a Regular Feast at the Bean Bake.

The ladies of the Woman's Relief corps never do things by halves. They are royal entertainers, and when they say that they will give you a nice supper, they mean that they will do that very same. And they will give you this nice supper for the very reasonable figure of 25 cents. The entertainment or Bean Bake will be given at the Young Men's Christian association rooms, Fifth street. Don't you miss it. And, by the way, take your lady friends with you, as there will be fun galore among the old comrades as they celebrate the great surrender at Appomattox. Remember date and place. Saturday, Y. M. C. A. rooms Fifth street. The ladies will give you a cordial welcome. Supper from 5 to 8. *

REPORT OF THE COMMITTEE

It Shows That Everything Is Regular, and Is Signed by Every Member--The Boasted Claims of Those Who Maligned the Trustees Are Worthless.

Water Works Office, April 7, 1898
We, the committee appointed by council to audit the books of the water works, have performed our duty and found them correct

R. J. MARSHALL,
W. C. STEWART,
GEO. OLNHAUSEN.

The above tells its own story. It shows that the committee appointed by council have examined the books of the water works trustees and have found them right in every particular. It also shows that the misfit has added another mistake to its rapidly growing list of errors, and once more stands before the public condemned. Not one of the charges made before the primaries is substantiated. Instead the report serves to show how far beyond the bounds of honesty and decency the sheet will go in endeavoring to attain its own ends. Of course the people of East Liverpool understand, they have been taught that long ago, but the report of the committee is nevertheless valuable since it proves the water works trustees to be honest gentlemen.

Our \$9.75 men's suits are fully equal to those sold this season by others at \$14 and \$15. It's a strange assertion, but true. Inspect them at

COUNCIL IN CAUCUS.

An Interesting Meeting Will Be Held Tonight.

Council will this evening hold their annual caucus at city hall to arrange a slate for the meeting Tuesday evening.

It is almost a foregone conclusion that President Peach will be selected to succeed himself, as it is known a majority of council are in favor of him. He has made an efficient officer during the past year, and while not seeking the honor again it is known he would accept. He is most eminently fitted for the position, and for the best interests of the city should again be chosen for the honorable place.

It is thought Mayor O. F. Bough will be present at the caucus and a list of appointments will be submitted.

Hospital Association Took
Action Last Night.

NEW OFFICERS FOR THE YEAR

Every Effort Will be Made to Have Council Order Another Election, Believing the Vote Would Be in Favor of the Issue of Bonds.

There was a large attendance last evening at the hospital meeting held in the Young Men's Christian association rooms.

Everybody present expressed regret over the defeat of the bond issue, and it was decided to petition council to hold a special election as soon as possible to give the citizens a chance to again vote on the bond issue, as it is known it would have carried had it been understood. A committee was appointed and next Tuesday evening the matter will be laid before council for action.

The hospital association then held their annual election, which resulted as follows: President, Mrs. M. E. Calhoun; treasurer, Mrs. Monroe Patterson; secretary, Miss E. P. Hazlett; vice presidents: First ward, Mrs. Charles Hanley and Mrs. James Hall; Second ward, Mrs. R. B. Watson and Mrs. A. Colclough; Third ward, Mrs. R. B. Stevenson and Mrs. John Agner; Fourth ward, Mrs. R. L. Herbert and Mrs. C. F. Bough.

A press committee, consisting of Mrs. Stevenson, Mrs. Calhoun and Mrs. Herbert, was appointed.

SCOUNDRELS.

The Above Embraces Certain Parties in East Liverpool.

A paper in East Liverpool, bearing a very unsavory reputation, has been called down times innumerable by business and professional men, on account of presenting bills for collection which would not bear the test of inspection or investigation. A late bill at the hands of the unscrupulous proprietor takes not only "the cake," but the entire pantry, shelves included. The fellow presented a bill for \$50.00 to a young attorney having charge of the settlement of an estate, and requested, in an off-hand, innocent manner, that it receive the O. K. of the legal light, in order to expedite the collection of the needful. The limb of the law, business like, desired an itemized account. The rascal demurred at first, but finally retreated in good order, and afterwards presented an itemized account, day and date and respective amounts, very confidently asking once more for the O. K. To the scoundrel's chargin, astonishment and dismay, he was told that the matter would be more fully investigated at Lisbon. This was done, and the investigation demonstrated the fact that there was not a single penny due the dishonest wretch, and he did not get a penny, and has not mentioned the matter since. The swindler and cheat should have been arrested and punished. Selah. Turn on the light.

The sentence formed of letters attached to M. Wade's locals advstising his fine jewelry and notion stock will be completed with Monday's issue. Name of prize winner will be published next week. A.

LOCAL BREVITIES.

This is Good Friday.

The Red Men last evening initiated three candidates.

George Knowles has returned home after a stay of several months in Tampa, Florida.

A fight in a Midway saloon yesterday afternoon attracted attention in that quarter.

The local gun club is making arrangements to give a shoot next week at Rock Spring.

The meeting of the sewer commissioners scheduled for tonight has been postponed until next week.

Squire Rose during the next 10 days will commence the erection of a new frame dwelling in Trentvale street.

Work was commenced yesterday repairing the lower reservoir. It will take several weeks to complete the work.

"Street cars will be running to the South Side about the middle of next month" said John Shrader this morning.

This morning 19 baskets of ware were sent to Allegheny on the early train. Nearly 40 baskets have been shipped during the week.

Mrs. Hannah Larkins, of Second street, last night entertained a large number of friends in a pleasant manner. About 15 couples were present.

Divine services will be held this evening at 7:45 o'clock in the Lutheran church. The meeting is preparatory to communion services Easter Sunday.

A water pipe broke in the McCormick property in Third street, this morning. The department was notified and the damaged parts will be repaired by tomorrow.

A. D. Wilson has returned from an eastern trip in the interest of the Union. He thinks the war scare has frightened dealers and they are slow in placing orders.

Chief Morley stated last night that no delegates from the department would be sent to the firemen's convention that will be held in Toronto next week. Only the volunteer departments will be represented.

T. J. Thomas sent a call to the fire station this morning, and Officers McCollough and Terrence went to the freight depot where they found an unknown man. He was charged with disorderly conduct and locked up.

The gravel train and its crew worked in the West End yesterday. A number of carloads of gravel were dumped over the bank, and the place is now in such condition that rapid progress can be made in completing the improvement.

Only 6.10 feet of water is reported at the wharf, which indicates that the river fell during the night. The Virginia and Lorena passed up today and the Bedford is due down tonight. The Ben Hur got down last evening with a good trip.

New telephones were placed in the offices of the city clerk and the engineer yesterday afternoon by Manager Swaney. The number of the clerk's phone is 224-2 and that of the engineer is 224-3. There are now three telephones in city hall.

John Shrader was before the commissioners of Hancock county yesterday relative to the removing of 100 feet of his street car line from the county road. They decided the rails should be taken up. Shrader said this morning that he would not lift a rail.

The merits of a new singing book, Church Hymns and Gospel Songs, will be tested this evening by the Second Presbyterian congregation, East End. James Noah will be present with his cornet. A large attendance is expected, as the people of that church are enthusiastic for good music. It is intended that this book will be used at all the services of the church, beginning next Sabbath.

Nothing Wrong at the Water Department.

REPORT OF THE COMMITTEE

It Shows That Everything Is Regular, and Is Signed by Every Member--The Boasted Claims of Those Who Maligned the Trustees Are Worthless.

Water Works Office, April 7, 1898
We, the committee appointed by council to audit the books of the water works, have performed our duty and found them correct

R. J. MARSHALL,
W. C. STEWART,
GEO. OLNHAUSEN.

The above tells its own story. It shows that the committee appointed by council have examined the books of the water works trustees and have found them right in every particular. It also shows that the misfit has added another mistake to its rapidly growing list of errors, and once more stands before the public condemned. Not one of the charges made before the primaries is substantiated. Instead the report serves to show how far beyond the bounds of honesty and decency the sheet will go in endeavoring to attain its own ends. Of course the people of East Liverpool understand, they have been taught that long ago, but the report of the committee is nevertheless valuable since it proves the water works trustees to be honest gentlemen.

Our \$9.75 men's suits are fully equal to those sold this season by others at \$14 and \$15. It's a strange assertion, but true. Inspect them at

COUNCIL IN CAUCUS.

An Interesting Meeting Will Be Held Tonight.

Council will this evening hold their annual caucus at city hall to arrange a slate for the meeting Tuesday evening.

It is almost a foregone conclusion that President Peach will be selected to succeed himself, as it is known a majority of council are in favor of him. He has made an efficient officer during the past year, and while not seeking the honor again it is known he would accept. He is most eminently fitted for the position, and for the best interests of the city should again be chosen for the honorable place.

It is thought Mayor O. F. Bough will be present at the caucus and a list of appointments will be submitted.

A Gift.

A present will be given the first person bringing to the store the correct sentence formed of the capital letters attached for one week to the locals advertising M. Wade, the jeweler, 205 Market street. Save the ads and try to win. D.

IT'S A BAD PLACE

And the Sanitary Authorities Are Looking For the Right Parties.

At the lower end of Jethro the sewer is clogged under the railroad track leaving a large mud puddle, which promises to become a dangerous cess pool.

Sanitary Officer Burgess is endeavoring to ascertain whose duty it is to repair the sewer, and when he finds out will order the work done at once. People are very generally obeying the law to clean up and the city is in a healthy condition.

Will Kill a Dog.

A valuable water spaniel last evening began frothing at the mouth and snapping at every person with whom it came in contact. It badly frightened the people in the vicinity of Fourth and Jackson streets. It was caught by Samuel Groves. It will be shot this evening if it does not recover.

WANT ANOTHER TRIAL

Hospital Association Took
Action Last Night.

NEW OFFICERS FOR THE YEAR

Every Effort Will be Made to Have Council Order Another Election, Believing the Vote Would Be in Favor of the Issue of Bonds.

There was a large attendance last evening at the hospital meeting held in the Young Men's Christian association rooms.

Everybody present expressed regret over the defeat of the bond issue, and it was decided to petition council to hold a special election as soon as possible to give the citizens a chance to again vote on the bond issue, as it is known it would have carried had it been understood. A committee was appointed and next Tuesday evening the matter will be laid before council for action.

The hospital association then held their annual election, which resulted as follows: President, Mrs. M. E. Calhoun; treasurer, Mrs. Monroe Patterson; secretary, Miss E. P. Hazlett; vice presidents: First ward, Mrs. Charles Hanley and Mrs. James Hall; Second ward, Mrs. R. B. Watson and Mrs. A. Colclough; Third ward, Mrs. R. B. Stevenson and Mrs. John Agner; Fourth ward, Mrs. R. L. Herbert and Mrs. C. F. Bough.

A press committee, consisting of Mrs. Stevenson, Mrs. Calhoun and Mrs. Herbert, was appointed.

SCOUNDRELS.

The Above Embraces Certain Parties in East Liverpool.

A paper in East Liverpool, bearing a very unsavory reputation, has been called down times innumerable by business and professional men, on account of presenting bills for collection which would not bear the test of inspection or investigation. A late bill at the hands of the unscrupulous proprietor takes not only "the cake," but the entire pantry, shelves included. The fellow presented a bill for \$80.00 to a young attorney having charge of the settlement of an estate, and requested, in an off-hand, innocent manner, that it receive the O. K. of the legal light, in order to expedite the collection of the needful. The limb of the law, business like, desired an itemized account. The rascal demurred at first, but finally retreated in good order, and afterwards presented an itemized account, day and date and respective amounts, very confidently asking once more for the O. K. To the scoundrel's chargin, astonishment and dismay, he was told that the matter would be more fully investigated at Lisbon. This was done, and the investigation demonstrated the fact that there was not a single penny due the dishonest wretch, and he did not get a penny, and has not mentioned the matter since. The swindler and cheat should have been arrested and punished. Selah. Turn on the light.

The sentence formed of letters attached to M. Wade's locals advertising his fine jewelry and notion stock will be completed with Monday's issue. Name of prize winner will be published next week. A.

LOCAL BREVITIES.

This is Good Friday.

The Red Men last evening initiated three candidates.

George Knowles has returned home after a stay of several months in Tampa, Florida.

A fight in a Midway saloon yesterday afternoon attracted attention in that quarter.

The local gun club is making arrangements to give a shoot next week at Rock Spring.

The meeting of the sewer commissioners scheduled for tonight has been postponed until next week.

Squire Rose during the next 10 days will commence the erection of a new frame dwelling in Trentvale street.

Work was commenced yesterday repairing the lower reservoir. It will take several weeks to complete the work.

"Street cars will be running to the South Side about the middle of next month" said John Shrader this morning.

This morning 19 baskets of ware were sent to Allegheny on the early train. Nearly 40 baskets have been shipped during the week.

Mrs. Hannah Larkins, of Second street, last night entertained a large number of friends in a pleasant manner. About 15 couples were present.

Divine services will be held this evening at 7:45 o'clock in the Lutheran church. The meeting is preparatory to communion services Easter Sunday.

A water pipe broke in the McCormick property in Third street, this morning. The department was notified and the damaged parts will be repaired by tomorrow.

A. D. Wilson has returned from an eastern trip in the interest of the Union. He thinks the war scare has frightened dealers and they are slow in placing orders.

Chief Morley stated last night that no delegates from the department would be sent to the firemen's convention that will be held in Toronto next week. Only the volunteer departments will be represented.

T. J. Thomas sent a call to the fire station this morning, and Officers McCollough and Terrence went to the freight depot where they found an unknown man. He was charged with disorderly conduct and locked up.

The gravel train and its crew worked in the West End yesterday. A number of carloads of gravel were dumped over the bank, and the place is now in such condition that rapid progress can be made in completing the improvement.

Only 6.10 feet of water is reported at the wharf, which indicates that the river fell during the night. The Virginia and Lorena passed up today and the Bedford is due down tonight. The Ben Hur got down last evening with a good trip.

New telephones were placed in the offices of the city clerk and the engineer yesterday afternoon by Manager Swaney. The number of the clerk's phone is 224-2 and that of the engineer is 224-3. There are now three telephones in city hall.

John Shrader was before the commissioners of Hancock county yesterday relative to the removing of 100 feet of his street car line from the county road. They decided the rails should be taken up. Shrader said this morning that he would not lift a rail.

The merits of a new singing book, Church Hymns and Gospel Songs, will be tested this evening by the Second Presbyterian congregation, East End. James Noah will be present with his cornet. A large attendance is expected, as the people of that church are enthusiastic for good music. It is intended that this book will be used at all the services of the church, beginning next Sabbath.

MORE BUSINESS

Is what we're after; more men's suit business. You who have your clothes made to order, you're whom we want--you're whom we intend to get. Our good clothes must come into your notice. You must wear 'em a season and you'll never go to a tailor any more. But how to bring you to us is the burning question. Oh, we are doing a large business; we're not suffering for want of custom; but there are others, custom made garment wearers, whom we want in our good clothes.

HERE'S HOW

We propose to bring you. First our correct garments; right in colorings, styles, shape, that make them good form,

absolutely correct. Then, with our price, and that's where the figure above comes into play. Today we have \$8.00 suits, stylish garments, in grays, browns, tans and many other pretty colorings. Plain black, blue and brown serges, fine thibets, twills, cheviots, fancy cassimeres and worsteds, all these suits made up in the single breasted three or four button cutaway sacks, double breasted sacks, cutaway and regent frocks, that are actually and honestly worth \$15 and some \$18. Why, they haven't their peer in East Liverpool for tailoring, fit or workmanship. All this goodness is here today and until they're gone at \$9.50, and our tailors hold themselves ever ready to make any necessary alteration.

Possibly you don't care to wear a \$15 suit, such as we sell for \$9.50.

Being East Liverpool providers, we've made provision for all sized purses, all kinds of tastes. Here's an especially fine value in single or double breasted sacks, many good weaves to choose from, \$12 is what others say, here they are, but

\$7.50

Or, if you wish to go still lower in the range of prices, we've got suits that anybody (good judges) will tell you are \$8 or \$9 garments, and truth tell their judgment is right; we only ask
